**VisionCorps Large-Print 2026
Anniversary Calendars Available**

(LANCASTER, Penna.) Oct. 31, 2025 – VisionCorps has large-print 2026 calendars available for purchase. Bulk pricing is available.

The 2026 calendar is 21 ½ x 17 inches, when opened, and each date square is 2 1/4 x 2 ¾ inches. The cover of the calendar is blue tone and the inside calendar pages are in black and white for contrast and the numbers are large and in bold print, making it easier to see.

“Producing large-print calendars is a service we offer each year for clients and others who are blind or vision-impaired,” said Megan Sofilka Tomsheck, president and CEO of VisionCorps. “These calendars are also great for people who want more space to keep track of their appointments and activities.

“This year’s calendar is special: we are celebrating our 100th anniversary in 2026 and have a cover that includes some historical photos,” said Sofilka Tomsheck.

“These calendars are also great for people who want more space to keep track of their appointments and activities.”

Calendars are just \$6 to purchase, plus shipping and handling. For more information on how to order a 2026 large-print calendar, please contact Tyler at therbein@visioncorps.net or call 717-205-4153. Calendars will be sent in the mail.
